

MEETING - TRAINING

# DEVELOPING AND SUSTAINING YOUR FILM FESTIVAL

## PRESS RELEASE

### MEETING TRAINING: DEVELOPING AND SUSTAINING YOUR FILM FESTIVAL

8-9 December 2014 - ESAV Marrakesh

On the 8 and 9 December in Marrakesh, **COPEAM**, in partnership with **ESAV Marrakesh** and with the support of the **EU Programme Euromed Audiovisual III**, organises a professional meeting on the topic "Developing and sustaining your film festival".

Structured into work, exchange and networking sessions, this meeting-training, **addressed to the managers and organisers of Mediterranean festivals**, will deal with the main challenges and opportunities that events like these encounter nowadays.

The workshop will be led by experts from the audiovisual and festival sectors from both the North and the South of the Mediterranean, around major issues such as programming, communication and partnerships.

An important place will be given to debates and exchanges of best practices focused on participants and their festivals.

*This first meeting will take place in the framework of the COPEAM project intended to set up a network of exchange and support to audiovisual and film festivals of the Mediterranean.*

#### Meeting venue

ESAV Marrakesh  
Morocco
